Play will commence shortly after the draw has been made, with any player who is called and not ready to play will start losing frames as per the standard tournament conditions.

All round robin group matches will be played, with players competing in a best of five frame match against each of the other players in their group. At the end of the round robins, the top **TWO** players in each group will qualify to the Knockout stages.

If players are level at the end of the round robin stage, then the same criteria as applied by the IBSF and EBSA will be used to rank the players. i.e. the following in order.....

1. Matches won.
2. The best frame difference.
3. The result(s) of the matches between equal players.
4. The best differential.
5. If the players are still equal, a one frame play-off using frame scores, If needed, a re-spotted black will be used.

If any player withdraws from the group stage for any reason after they have played a game, all results involving him are removed.

Following the round robin stages, the last sixteen round will also take place on Saturday night. This will be the best of seven frames.
