

## **EASB REFEREES COMMITTEE**

The Referees committee is made up of 4 or more EASB Tutors. Five of us met at Hall Green in February 2010 and the following decisions were agreed:-

**Class 1 upgrade panels** - Where a district has several Examiners and covers a large area, applications for a panel to include more than one from the candidate's own area/region must be approved by the Director for Referees, as this does not conform to the format laid out in the 'Referees Scheme'.

All T/E's to canvas their local associations/leagues, with a view to giving rules/best practice talks to players, as most leagues have 'Captains' or 'Players' meetings prior to the season commencing.

All EASB registered League and Club players may enter any EASB tournaments for which they qualify (except the 'Pro Ticket' and 'Premier Junior' tours) without separate membership. Certificated Referees should make their local organisations aware that EASB insurance covers them for any official local competition. For more details, please [contact the EASB](#).
